My explosive head is incredibly popular with my parakeets! My Roseate Cockatoo Kyourin, who rarely climbs onto my head, is now constantly flying onto my head and surprising me. It's also very popular with the parakeet at my friend's house, Gin-chan. My sole aim of getting an afro was only for parakeets, and it might be quite rare that a person would do this, but I decided to go ahead with it anyway (laughs).

Translation Notes

First I'd like to say that sometimes I forget to add my translation notes to the chapters until I'm far away from my computer like halfway to San Francisco or maybe 2 days later while in the shower -_- and I apologize to all of you who don't get them, because although I bet only a handful of you actually read them, I still try to include helpful information so you can understand what's going on all the better. Such is the case for Akkan chapter 4 (and 3 .. -_-) -- I explained how Shigeru's name is actually a male name. Well, in this chapter, we can see how assuming one's gender by their name is not a wise thing when it comes to Japanese. ^^"

Family Register

koseki -- (from Kodansha's Furigana Japanese Dictionary (1995)) -- "This word refers to an official document which is kept in a municipal government office and which records the names, birthdates, etc., of a married couple and their unmarried children. Every Japanese citizen is listed on a koseki."

Yuki (and Shigeru again)

Yep, just like Shigeru is both a boy's and girl's name (although the female Shigerus are quite rare indeed), Yuki is also one of those names for either gender (though the kanji will vary). As far as I've seen, most female Yukis' names center around the kanji or meaning of "snow" but that's not going to hold for every single person's name of course ^^" As for Kagura Yuki's name (yeah, back to the actual characters from Akkan Baby), Kagura is composed of "God" and "Fun," while the 2 kanji in Yuki are "Have" and "Hope" (nice name, huh?). Wow, I kinda strayed there. Oh well.

More family Names for the fun of it

Norio -- "Law" and "Man"
Nagae (Shigeru's family name) -- "Long" and "Handle"

And for all of you who didn't get the translation notes for chapters 3 & 4, I shall include them with this chapter, so feel free to put those in their rightful folders/zips/rars. And for those who already have them, delete them or keep 'em. ^_^

Wahahaha! I did it all without any help this time. XD and in 2 days! XD

Which means "Hello and nice to meet you. I'm Miyauchi Saya."
Thank you for buying Akkan Baby 2 (^^)
It feels like it's been an incredibly long time since I've put out a "volume 2" (laughs)

And the bonus pages are a continuation of the parakeet manga from volume 1 (laughs)
And since I didn't have any material for this page I drew a parakeet (laughs)
People's pictures always improve and I've become more skilled at drawing parakeets
But how is this one? It's pretty bad isn't it (^^;

BUT YOU KNOW WHAT? IT'S SHEER BLISS DRAWING PARA-KEETS (LAUGHS LAUGHS LAUGHS)

Chapter 8

<> Attendance

OK, for those of you who don't know the order of the Japanese alphabet, it may have been a bit confusing on pages 150 & 151 when the teacher took attendance/roll and Yuki's and Shigeru's names were missing. The Japanese alphabet is (obviously) different than Latin-based ones (like English, French, German, Spanish, etc.) where the alphabet usually goes along the lines of A, B, C, D, E, etc...

In Japanese, it's like this:

A	I		U	E	O
Ka (ga)	Ki (gi)	Kya (gya), Kyu (gyu), Kyo (gyo)	Ku (gu)	Ke (ge)	Ko (go)
Sa (za)	Shi (ji)	Sha (ja), Shu (ju), Sho (jo)	Su (zu)	Se (ze)	So (zo)
Ta (da)	Chi (ji)	Cha (ja), Chu (ju), Cho (jo)	Tsu (zu)	Te (de)	To (do)
Na	Ni	Nya, Nyu, Nyo	Nu	Ne	No
Ha (ba; pa)	Hi (bi; pi)	Hya (bya; pya), Hyu (byu; pyu), Hyo (byo; pyo)	Fu (bu; pu)	He (be; pe)	Ho (bo; po)
Ma	Mi	Mya, Myu, Myo	Mu	Me	Mo
Ya			Yu		Yo
Ra	Ri	Rya, Ryu, Ryo	Ru	Re	Ro
Wa	Wi			We	Wo
n					

(wi and we are archaic and rarely used)

So **Ka**gura (Yuki's family name), would go between **O**gata and **Ku**mai, where as **Na**gae (Shigeru's family name), would go between **To**da and **Ni**shiwaki.

>> Hopefully this isn't too confusing to understand....

To be concluded in Volume 3~!! XD

BTW, if you don't like my romanization, tough >P
